

HKAC President Dr. Dan Cheung's Farewell Message to Alumni & Friends

A mix of emotions floods my heart as I bid farewell to this education institution that has been my home, my passion, and my purpose for the past eight years. It is with a sense of deep gratitude, nostalgia, and humility that I address you on this momentous occasion of my retirement as the President of Hong Kong Adventist College.

First and foremost, I would like to express my heartfelt appreciation to the faculty and staff of the college. Your dedication, tireless efforts, and commitment to excellence have been the driving force behind our collective success.

Together, we have nurtured an environment that fosters intellectual growth, character development, and spiritual enlightenment.

To the alumni, you are the living testimony of the transformative power of education. Your accomplishments in diverse fields and your support to your alma mater are a testament to the quality of education and the values instilled within this Clear Water Bay campus.

I urge you to continue to be ambassadors of Hong Kong Adventist College; embody the spirit of excellence, integrity, and service in all that you do.

As I reflect on my time as the President of Hong Kong Adventist College, I am filled with a deep sense of fulfillment. Together, we have achieved significant milestones, such as the establishment of two local accredited rehabilitation and nursing

programs, overcoming financial and student enrollment challenges, the positioning of this institution as a beacon of academic excellence and spiritual growth.

In closing, I would like to express my deepest gratitude to the Board of Governors for entrusting me with the privilege of serving as the President. It has been an honor and a privilege to lead this remarkable institution. I am eternally grateful for the support, trust, and camaraderie that have characterized our journey together.

While my role as President may come to an end, my love for Hong Kong Adventist College and its mission will forever endure. I will cherish the memories and the relationships I have forged during my tenure, and I eagerly anticipate witnessing the continued growth and success of the college.

Thank you, Hong Kong Adventist College, for allowing me to be part of your story. Farewell, and may God continue to bless you abundantly.

With deepest gratitude,

HKAC’s annual Art Day is always a fun time to unleash students’ inner creativity in drawing and watercolor painting. Some find inspiration from photographs or images seen online, while others look to Mother Nature.

Creativity, critical thinking, and innovative thinking are developed in our students during their college studies.

Developing these skills is important to help you solve the little and big challenges that life, your future career, and the planet may present.

So, have fun, draw and paint in different styles, and come up with various, colorful ways to show the inner you!

A Chinese saying “百聞不如一見” translates to “Hearing something a hundred times isn’t better than seeing it once!” It is similar to “A picture is worth a thousand words” (Arthur Brisbane, March 1911, U.S.)
